## EM Geneva 780 F-1 Hyb.

### Cauliflower - EM Geneva 780 F-1 Hyb.

**This outstanding hybrid cauliflower is medium in size and matures quickly within approximately 70-77 days. Its overall appearance is smooth with nice curd cover and uniformly white. It is quite dense and weighs between 1-1.5 kg. with adequate growing conditions. EM Geneva 780 is ready for harvest with cool to warm climates in the Summer. In hotter sub-tropical climates you would harvest this variety in the Autumn or Winter.**
